A GUIDE TO NON-FOOD HALLOWEEN TREATS

Offering treats on Halloween that aren’t candy or food promotes inclusion for trick-or-treaters with food allergies or other conditions. It’s a simple act that means so much.

- Halloween erasers or pencil toppers
- Spider rings
- Vampire fangs
- Finger puppets or novelty toys
- Glow sticks, bracelets or necklaces
- Pencils, pens, crayons or markers
- Bubbles
- Bookmarks
- Coins
- Whistles, kazoos or noisemakers
- Bouncy balls
- Friendship bracelets
- Mini notepads
- Playing cards

Try to choose latex-free items, as there are children who have latex allergies.
